CLASSIC 50

Whether you're in a big city or a small town, the Classic 50 will get you there not only efficiently, but in style as well. We revamped our bestselling 49cc scooter model and brought it into the future. With all new features and a brand new look, the Classic 50 was designed with the rider in mind. Dual rear shocks make for a smoother ride and front to back LED lights ensure you'll never be in the dark. A convenient dual USB port on the dash allows you to charge your phone on the go so you're always connected with your friends and family. Stylish new color options with color matching seats give the Classic 50 a sharp and sporty edge. As always, it still comes standard with a lockable rear cargo trunk and under the seat storage for whatever supplies you're traveling with. Whether you're looking to save money on fuel or need an easier way around town, the Classic 50 has you covered at an affordable price.
