MUDHAWK 10

The Mudhawk 10 is back in action. While still fitted with our top notch safety features such as the throttle limiter and remote engine shut off, the Mudhawk 10 is sized for a more experienced youth rider aged 10 and up. Front and rear disk brakes provide consistent and easy stopping power, with brake levers designed specifically for smaller hands.

The convenience of the electric start engine and automatic transmission will leave you plenty of time to load up the rear rack with all your essentials before you hit the trails. From performance to aesthetics, it's no wonder the Mudhawk 10 has become one of our most popular and sought after off road vehicles.
