T-FORCE PLATINUM

Decked out with sharp, new decal designs and fresh color options, the T-Force Platinum is sure to impress fellow riders along the way. Rated for kids 12 and up, this mid-size utility style ATV provides a little more power for the smaller yet experienced riders with a 120cc 4 stroke engine and automatic transmission with reverse. As with all of our youth ATV's, safe riding is ensured with the speed governor and remote wireless shut off, both controlled by responsible adults. The T-Force Platinum still comes stocked with the signature chrome aluminum wheels and fierce body style, but with the eye-catching 2022 aesthetic.

Like the B110 and D125, the T-Force Platinum features color matching accents and frame, Tao Motor branded seat, front to back LED lights, plus adjustable front and rear shocks and a Digital Instrument cluster and engine hour meter. With other great design upgrades like the powder coated color matching frame and ergonomic gear selector, the T-Force Platinum checks all the boxes for a safe, sturdy, and comfortable ride.
