DB 14

Tao Motor DB14 seated in the middle of our dirt bike lineup, the DB14 has become incredibly popular in the past few years, and rightfully so. The perfect bike for young riders ready to take it to the next level. With our ever-reliable and low-maintenance 107cc engine, an easy kick-start design brings your bike alive. The DB14 boasts a four-speed transmission and an automatic clutch, making it the ultimate learning bike. Shifting through gears is straightforward and gives young riders a prime lesson in the essentials of riding. Don't be fooled by the size of this bike. While standing at just 41 inches tall and 28-inch seat height, it still handles like a bike twice its size. A lightweight yet durable frame and heavy-duty tires can take on any terrain you come across. Dual disk brakes provide plenty of stopping power to bring each ride to an end with zero effort. A sharp overall design and low-profile body style give it that professional flare. Effortlessly cool, the DB14 is here for all of your off-road escapades.
