DB X-1

Our most powerful dirt bike is ready to hit the trail again.

The 2022 DBX1 has all the characteristics of a competition style bike, making it the perfect choice for dirt bike riders who dream of a high performance vehicle. Not lacking in power or stamina, the DBX1 boasts an air cooled 140cc engine with a manual, four speed transmission.

Once you start riding, the upgrades are instantly noticeable. An all-new throttle design provides for a smoother operation while the adjustable rear shock can accommodate any terrain for a more confident and enjoyable ride. Clutch and brake levers stay where they should thanks to their folding and adjustable capabilities. Super soft hand grips and powder coated frame compliment the all new color options and vivid decal design, completing the upgrades for the 2022 DBX1.

DB X-1
